# Shorthorns

AT AUCTION

1930

*A*t The H. O. TELLIER FARM  
FARMINGTON, MINNESOTA  
Thursday, June 19th

# Guarantee

Endorsed by the American Shorthorn Breeders' Ass'n

1. Proper care shall be given by purchaser to protect breeding qualities and health of animals.
2. All bulls guaranteed breeders. A bull shall not be allowed to serve when under fourteen months of age or be allowed to run with herd when under twenty months of age. In case of failure to be a breeder notice shall be given to seller by the time the bull is 20 months of age or within six months of date of purchase.
3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers sold as single lot guaranteed breeders, except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled, must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale shall be promptly reported.
4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for retrial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the purchaser shall be given the option of having purchase price refunded without interest or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage to go to the seller. It shall be understood that the same guarantee given on the first animal shall likewise apply upon any animal later substituted.
5. All animals are sold subject to a sixty-day retest for tuberculosis, or to comply with laws of state into which they may be shipped. Animals shall be segregated from buyer's herd until retest is made, except herd be a Federal accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State veterinarian or veterinarian deputized by State veterinarian, who is cooperating with Federal veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction and return of animal, except purchaser shall agree to accept a substitute.
6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after close of sale and without trouble to the purchasers, but at their risk of loss or injury.
7. **TERMS:** Cash, except other arrangements are made with the consignors before sale. All settlements to be made with the representative of the Sale Manager immediately after close of sale, but it shall be expressly understood that said Sale Manager assumes no liability, legal or otherwise, and that the above guarantees and terms shall constitute a contract between the consignor and purchaser of each lot.

WILL JOHNSON, Sale Manager.

Shipping vouchers will be attached to bills of lading on all less than carload shipments routed over those railroads granting one-half freight rate on pure bred cattle.

Where footnotes appear same has been supplied by the consignor.

## *The ANNOUNCEMENT*

**T**HIS is the best offering of Shorthorn cattle by auction that has been made in the State of Minnesota since I started to travel this territory about five years ago. The Tellier herd was built with the determination that none but the best of individuals should have a place upon this farm. It has been a small herd but it has contained such merit that its show string has won the highest standing among the leading herds of the country. On several occasions every animal of the years crop has taken a place in the show herd and has been a conspicuous winner. At present there are animals for every class and in some class two or three to a class. And with all of this show record it must be kept in mind that these cattle have been regular breeders, fruitful and in the best of health. Read the footnotes under each animals pedigree for fuller information concerning records in the breeding herd as well as in the show ring.

The Johnson Bros. consignment to this sale is extremely uniform, denoting that their great sire Conedale Count has impressed his stamp to a remarkable degree upon his offspring.. This firm has always sold pleasing cattle. They have offered none better than these.

Collynie Proud Secret was a great asset to J. H. Lawrence & Son and one of his sons won the junior championship at the Minnesota State Fair last fall. This richly bred consignment, all by Collynie Proud Secret, a son of the famous Collynie Clipper Crest is as attractive in individuality as are its pedigrees.

E. T. McCarthy & Son have long been known as comprising one of Minnesota's most substantial and most progressive firms. Their six head in this sale are of one kind and they are as good as any firm could list. They prove that their sire Rosewood Gift is impressive and prepotent.

Murphy Bros. consign five nice lots for which Midway Rodney, that winning, red son of Ballylin Rodney is responsible. Here again uniformity is in evidence and the quality is first class.

Harry Kraft is sending two well grown, thick, bloomy heifers by his good roan son of the famous Browndale Count. They will do to show.

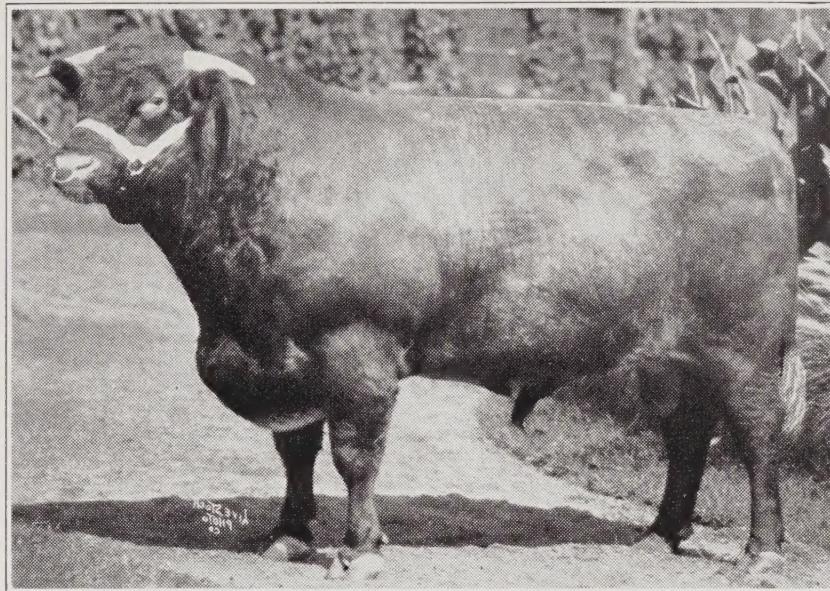

The other consignors are listing each one bull. They are desirable herd headers.

It is a pleasure to present these high class cattle for public appraisal. The consignors are all men who will stand back of their cattle and live up to their guarantees in spirit and in letter. Fortunately all of the cattle are just as stated and there will be no need to enforce guarantees.

We invite you to be with us on the Tellier farm on June 19th, knowing that you will be well pleased with this offering.

The cattle in the herds from which these consignments have come have been tested by the agglutination test and there have been no re-actors. This includes the cattle that are listed in this catalog. They are ready for shipment into any state in the Union.

WILL JOHNSON, Sale Manager.

**Doune Brigadier**, is a massive bull of rare quality and character. His sire was Grand Champion at the American Royal and Pacific International Stock Shows, and his dam is the grandam of last years' Pacific International Stock Show Grand Champion. He is a great sire. His calves are all good, are of the best of colors, inherit his rare quality and character and have been prominent winners at many of the strongest shows, including Iowa and Minnesota State Fairs. His first heifer calf was Junior Champion at the State Fairs of Minnesota, North Dakota and South Dakota in 1928. He is still a young bull, is a sure breeder, has a gentle disposition and will make a fortune for someone who has good cows to use him on.

**Lady Mina 3d**—Is one of the best cows of the breed as an individual and as a producer. She is just six years old and is now nursing her fifth calf, an outstanding red bull calf that will sell with her. While a heavy producer she was shown every year and won first prize at the Minnesota State Fair in 1925 and 1926 and was never below second. Her present calf dropped March 6th is a show prospect and she was bred again May 3d to Doune Brigadier, the sire of this calf. She is the heaviest milking Scotch cow of which we know and she is ready to show in the wet cow class this year. Where is there a better combination of breeding cow, show cow, pedigree and general profit making?

## For Reference

Conedale Count, the pedigree of which appears on opposite page is one of the best sires now in service. He is an attractive, even roan in color, has an exceptionally masculine head and neck, is very thick, short legged and well balanced. The following consignment of ten head from the Johnson Bros. herd contains three bulls and five heifers sired by Conedale Count. All are very uniform and of very good type, quality and character. Their pedigrees are rich. One cow is heavy in calf to his service and will be appreciated. We regret the lack of photographs of this bull and the stock bulls of other consignors to this sale. The Johnson Bros. herd is Federal Accredited, the last test having been made in April.
